**WHISTLE BLOWING POLICY 2020**

The University has formulated a policy on Whistle blowing in line with international best practices, the Constitution of Kenya, 2010, national legal and policy frameworks, and the University of Nairobi policies.

This policy sets out the organizational approach and obligation to the detection and prevention of corruption and malpractice within the University of Nairobi. It provides a procedure for the making of good faith disclosures; protection of those who make such disclosures from reprisals; and a mechanism for appropriate investigation of and response to such disclosures.

I encourage all staff and students to read and internalize this policy as it takes full effect. The University is committed to upholding institutional integrity and accountability.
